

WE TRULY ENJOY XM RADIO BECAUSE WE CAN PICK IT UP MOST PLACES WHERE WE CANNOT GET RADIO RECEPTION FROM OTHER SOURCES. WE FEEL IT IS UNFAIR TO TRY TO STOP XM RADIO JUST BECAUSE THE STATIONS DON'T FEEL THEY CAN COMPETE. THEY CAN JOIN ON AND AIR THEIR PROGRAMS OVER SATELLITE AND EVERYBODY WINS. HAVING WEATHER REPORTS AND SUCH ON XM RADIO MAY MAKE THE DIFFERENCE WHETHER SOME PEOPLE EVEN HEAR IT AT ALL. WE DON'T SEE IT AS A THREAT BUT AS AN ENHANCEMENT. WE STILL LISTEN IN TO OUR HOME TOWN STATIONS. IT IS , HOWEVER, A GOOD SOURCE FOR US WHEN WE ARE IN OUR CAMPER OR SOMEWHERE WHERE REGULAR RADIO SIGNALS ARE A PROBLEM AND ALLOWS US TO KEEP IN TOUCH WITH THE OUTSIDE WHEN WE CAN'T RECEIVE A REGULAR SIGNAL.
